

↑ You've made your bed. Now make it better. From the head to the foot, add nighttime drama to safe sheets, boring bolsters, and stodgy shams. Plus: a headboard trio (with plenty of brio).

JUICY FRUIT

The bright, supersize citrus pattern picks up the lemon yellow of the tightly trellised sheet, the tangerine pillow, and the orange blanket.

NAVY NEUTRAL

Crisp striped sheets and a misty pillow float on an inky base layer, with islands of nubby linen for homespun contrast.

DECO DRAMA

One strategy for pairing patterns is to choose prints with white—not cream or beige—backgrounds. Here, the leopard sheets look subtle; the geometric pillows, striking.
